In 1968, after much research, the Cilurzo family planted the first premium wine grapes in Temecula. It was the beginning of a new wine growing region in Southern California between Los Angeles and San Diego.

Warm breezy days and cool, dry nights make this unique micro-climate well suited for the growing of premium varietal wine grapes.

Modern wine making technology combined with proven old country traditions create distinctive wines rich in the regional character of Temecula. Come visit our award winning winery.
